

What is the High Five Program?

The High Five program is our district's employee recognition program. Each month, we highlight five employees that exemplify outstanding qualities.

How Does It Work?

Employees may nominate fellow colleagues that demonstrate the five qualities. Every month, the High Five Committee reviews all nominations to select the top five to be highlighted. To nominate an employee, go to www.yuma.org and select the High Five link under the Employees Quicklinks tab to submit your nomination.
