Are you ready to kick off the 2nd half of the school year?

Family support is one of the biggest influences on a student's success!

The SFP has openings!

Did you know that, according to studies, over long breaks from school, students can “lose” up 40% of what they learned?! Join us at the SFP to find out how you can help your student get that learning back *and* how you can help prevent sliding backwards over the next long break.

When? The SFP meets 3 days a week (Tue, Wed, & Thu), 9-11am.

Participants eligible for technology lending library, attendance incentives, workshop prizes, and more!

Coming soon!

(Workshops open to all YSD1 Parents/Guardians)

Huge shout out to Mrs. Tricia Kinnell from Yuma County Health for teaching the Gardening Class for the parents in the Strong Families Program! It was fun and packed with great information.

Every participant got to practice techniques and new things hands on! They also received materials to start a home garden with their families, courtesy of Yuma County Health.

Strong Families Make Strong Students

Field Trips and Prizes!

November was an eventful month for the Strong Families Program. Our participants went on a field trip to the Yuma Community Food Bank, received a free book of their choice for good attendance, several parents earned the 1st piece of their at home reading nook, and we had a Thanksgiving Potluck!

What's coming up?

There may only be 3 weeks until break, but we are making the most of those weeks! There is a Home-Buying 101 workshop this Wednesday, our GED Class is starting Ratios, Rates, & Proportions, and we are continuing our discussion of all things to do with budget. We're even going to have a holiday party!

**Our program is open start, there is no registration cut off. Join anytime. Call for more info.*

Congrats to our Monthly Book Reward Recipients: Ryan, Lori, Christina, Veronica, & Edna.

Parent Teacher Conferences are coming!

Parent-Teacher Conferences are an important part of your child's journey through school, but it can be hard to know what questions to ask. Or, to admit that we don't totally understand something the teacher is talking about.

This week in the SFP we will be talking about Parent-Teacher Conferences, how to read a report card, and more.

Want to join us, or have questions?

What's a Zingo chart... or Portal points?

PACT Time in the Classroom...

Zingo charts, Portal points, the Blobbster app... these are not real things. But sometimes when our children come home and talk about what they learned or saw at school it can feel like they are speaking another language. (Just like our examples above.)

Parents in our program not only learn about the apps, charts, and programs their children will use, they also get to spend time in their child's classroom to see them in action!

Want to join us?

- SFP Classes are Tue, Wed, & Thu, 9-11am
- GED Classes are Fri, 9-11am

*Registration required for SFP and GED Classes
